THE CHALLENGE

How could SANNA Clinica achieve a pleasant atmosphere that matches the quality of their state of the art facility?

THE SOLUTION

In March of 2013, SANNA introduced our scenting services to add fragrance to their clinic in Arequipa.

Five AQ570s were wall-mounted to scent the hallways, emergency area, and lobby with soothing "Green Tea" fragrance.

THE RESULTS

The hospital clinic has been very pleased with the effect of the scenting program. They have renewed the contract annually for the last three years.

The clinic reports that the calming scent reducing stress and improves the experience for patients and visitors alike.
